

**FOR IMMEDIATE RELEASE**

**NEW CFO JOINS TELECOM INNOVATOR SS8 NETWORKS**

*Kam Wong brings over 25 years of financial and administrative expertise*

**SAN JOSE, CALIF., October 9, 2006**— – SS8 Networks®, a recognized provider of lawful intercept and unified messaging solutions for telecommunication service providers, announced today that industry veteran Kam Wong has joined the company as chief financial officer. Wong’s new role will include all internal and external financial matters. In addition, he will also be responsible for SS8 human resources and information technology.

Before he joined SS8 Networks, Wong was chief financial officer and vice president for administration at GoDigital Networks, a leading provider of line-powered broadband network access products that was recently acquired by Communications Test Design Inc.

“Kam and I worked together at GoDigital so I have experienced firsthand the fiscal responsibility and vision that he can bring to a high growth, private organization,” said Dennis Haar, president and chief executive officer at SS8 Networks. “We are delighted to have someone with his deep knowledge and extensive background join the SS8 Networks team.”

Wong spent 16 years at Sumitomo Sitex Silicon, a \$1 billion silicon wafer producer. His most recent assignment at Sumitomo was as controller and director of information system. Wong has also held executive financial positions at Peak XV Networks and Hewlett Packard.

“As a new team member, I was immediately impressed with the caliber of the people at SS8 Networks,” Wong said. “This is a very talented group that is clearly prepared to

build upon the company's already well-established reputation. I look forward to helping SS8 grow from here.”

### **About SS8 Networks**

SS8 Networks provides a complete range of messaging, lawful intercept, and signaling solutions that enable network operators to optimize their investment in traditional, legacy networks while smoothing the transition to 21st century architectures. Through a series of extended relationships, lawful intercept solutions are now also available for government and law enforcement agencies worldwide. SS8 Networks' solutions are installed in global tier one wireless, wireline, VoIP and cable networks and are also available through a channel of major international switch vendors. SS8 Networks has been recognized and named a Red Herring 100 and AlwaysOn company in North America in 2005, for its innovation, quality of management, execution of strategy, and dedication to research and development. SS8 Networks is headquartered in San Jose, Calif., with offices worldwide. For more information please go to [www.SS8.com](http://www.SS8.com).
