

## **SS8 MARCHES ON WITH LAWFUL INTERCEPT TOUR**

*Global Leader in Lawful Interception Continues World Tour at Key EMEA LI Venue*

**MILPITAS, Calif., November 18, 2008** – SS8 (SS8 Networks, Inc.), the global leader of lawful intercept solutions for telecommunication service providers, law enforcement, government, and intelligence agencies, will culminate their EMEA tour by headlining the *Milipol Qatar Security* event, November 17 – 19.

Milipol, first held in 1984, started out as a meeting-point for police equipment manufacturers and their customers. Over the years the key EMEA event has broadened to include the security of private and public communities, industry and businesses, the protection of populations, and internal state security. SS8 will lend its global expertise to this well-known international assembly, showcasing their communications forensics acumen. SS8 will discuss advanced IP analytics, nationwide intercept solutions for wireless carriers, and the latest deployments for WiMAX and IMS networks. SS8 will also demonstrate examples of multi-media recreation of internet traffic.

Next and final 2008 tour stop for SS8 will be at the ISS World show, December 9-11, in Washington D.C.

### **About SS8**

Headquartered in the heart of the Silicon Valley in Milpitas, California, SS8 has a global reach and is an independent provider of regulatory-compliant electronic surveillance solutions that have been deployed in over 25 countries for the largest wire-line, wireless, cable, VoIP and satellite service providers. These voice and data installations can already intercept more than 500 million subscribers, and serve local, regional and national law enforcement and intelligence agencies worldwide. SS8 products are sold and supported both directly and through OEM partnerships.
